Description

Here we have the reliable and long lasting Honda Accord. This 2004 Accord achieves amazing mpg's while still being a larger car that can fit five passengers comfortably. This Accord has only had one owner since purchased new in 04. The previous owner maintained the vehicle well and kept it good running condition and enjoyed it to its current and accurate mileage and now is your chance to be only the second owner of this savy sedan!

The Accord is powered by the Vtec 2.4L 4 cylinder engine that is good for up to 34 mph highway! The engine is paired with a 5- speed automatic transmission that shifts very smoothly making for easy driving. All of the electrical components are in working order as they should

be.

Before we list any vehicle for sale we first send it to our service department for an ebay service check. During this check we noticed that the tires are noisy and should be replaced, and the console lid does not close. We also noticed that the radio does not operate.

In addition to our thorough eBay Service Check Out, we also include a **FREE Vehicle History Report** in every eBay listing for our online shoppers to view. It's important to us that our potential customers have all the information they need to make an educated and informed bid decision. We strongly recommend that you review the free vehicle history report for prior history on this vehicle.
